EXTRACT FROM THE FREYACE.

"The purpose has been to condense within the limits of a
convenient manual the largest possible amount of interesting
and valuable scientific information of those agents, materials
and onexitions in which we have a concern chiefy as dwellers

"In deciding what to state and what to omit, we have been middly two rules: First, to present such fasts and principles as have ine directes bearing upon household phenomena; and second, to bring into prominence many important things no found in common books nor includedly in the ordinary rance of school study. As elementary principles may be found full tiented elsewhere, we have been brief in their statement, thugshing opportunity for important hints and views not generally accessible. Our chemistries are deficient in information of the echiposition and properties of food, while the physiologies class-books are equally meaner in statement of its effects; where a corollarly dwell upon these points with something of the fullness which their importance demands. So with heat light and sig. It is hoped that the following pages will violated the full tips with which we have labored to carried the volum with new and valuable facts and angestions not procurable? our family manuals or school class books."

THE LAST MOVEMENT OF FASHION .-

THE LAST MOVEMENT OF FASHION.—
Laces and Fringes, as dress trimmings, have had their day. They have been for a long time in vogue, and no lady of taste has feit herself justified in employing anything clee, however inclined to depart from the outcom. But the tide has turned at last. Our lady friends who have just returned from Europe, report that in Paris, and in fact all over continental Europe, ribbons of various styles and colors have taken the place of every other species of trimming. The Empress Eugenic trims with ribbons only Queen Victoria and her Court trim with ribbons! The Princess Cherlotte trims with ribbons! The Princess Cherlotte trims with ribbons! The short, so where you will in the bean monde of Europe, all who profess to follow the distances of fashion or to lead in the great art of Ladies' Costome, have set up ribbons at the prevailing standard of bon yout and elegance. As to the particular kinds of Ribbons most in demand among the leaders of ton the Paris Just have you will be prevailed that new, we can enjy say, call on M. H. LICHTEN.

Watches, Jewelry, &c. A MERICAN WATCHES-To the TRADE. A MERICAN WATCHES—To the TRADE.—

A These Witches are made by the aid of new and original machinery act tools expressly designed to secure with a low price a fine, substantial and correct time-keeper. The movements are new, simple and beautiful in plan and construction, remarkably easy of repair, and have been pronounced by the ablestchronometer and watch-makers to be faultiess in principle and quality, and by all who have used them to be reliable to performance. Each one is engraved "Appleton, Tracy & Co., Waltham, Mass.," and is accompanied by a certificate of genulmeness and perpetual werranty over our written signature.

We sak no man to buy these Watches merely because they are of American manufacture. We sak only that this fact shaft not be permitted to exclude them from consideration. We claim that Watches equal in quality and merit cannot be obtained so cheep in Europe; and we ask our countrymen to give these a trail under our warranty.

TO WHOM IT MAY CONCERN.—The adver-To WHOM IT MAY CONCERN.—The advertiser has recently made a discovery which in importance has no parallel in the history of the buman race—manuly; the means of accurring peace and happing a to each individual boson, and of reestablishing them by the explation of every species of mental misery. The virtuous principle of the united is brought into immediate activity, and the haneful effects of even a lifetime of indiscretion, mistoriters and bad extended described almost instantaneously. It is a periest antidote to every description of intemperance and may without irrevence be termed the setting up of a new hingoon agon earth. It contains the very easence of return's beneficial response to the article desire of every homen being—namely: the happiness of hopeful content. Nothing can be more larger than the means to effect the object, which are self-spylided by seach individual. The writer is willfur to communicate with those whose attention may be attracted by this notice, and will give to each the necessary information on the subject. It is requested that such as may apply, who are able, will remit such as amount at least as will compensate for the line and labor incident to the accessary information in the very case—with or without fee—homorable confidence will be enjoired. For particulars, address W. W. MASTERTON, through Post Office, New York.
